COURSE DESCRIPTIONS:

After School Hoops

This is a fun afternoon basketball class for aspiring young players. The one hour of instruction combines the building of fundamental skills with organized team competition and a goal of providing an enjoyable and educational after school athletic event. Boys and girls of all skill levels are encouraged to join. We will study passing, dribbling, shooting, rebounding, and defending, while at the same time, learn how to work as a team. Students will become better basketball players and learn the habits necessary to succeed both on and off the court. **FEE FOR GRADES 1-2 INCLUDES SUPERVISION FOR PARTICIPANTS AT CLUBHOUSE FROM 2:30pm UNTIL THE START OF CLASS AT 3:05pm. GRADES 1-2 SHOULD WALK DIRECTLY TO CLUBHOUSE AFTER SCHOOL DISMISSAL.**

Instructor: One On One Basketball

Energy, Forces & Flight

Hold on to your hats, because Mad Science is back! Take a tour of the electron freeway, as we study "current" events. Grow your very own crystal garden as we eliminate the mystery in Che-Mystery. Learn about the incredible "Fun"-damental Forces as we study gravity, inertia, and

centripetal force, and then discover what shapes make the world's strongest buildings. Explore aerodynamics and the properties of air and make your very own loop-flying stunt plane. All this and more in this session of Mad Science! **FEE FOR GRADES 1-2 INCLUDES SUPERVISION FOR PARTICIPANTS AT CLUBHOUSE FROM 2:30pm UNTIL THE START OF CLASS AT 3:05pm. GRADES 1-2 SHOULD WALK DIRECTLY TO CLUBHOUSE AFTER SCHOOL DISMISSAL.**

Instructor: Mad Science- Mad Science is the world leader in fun science for children. Mad Science conducts educational, entertaining, and

hands on learning activities for elementary age children throughout the Bay Area. Our unique brand of exciting, interactive activities instills a clearer understanding of how science affects the world around them. Through Mad Science your child will be able to touch, hear, smell, and taste what science is really about.

Kidz Clay! (Ceramics)

Experience the magic of clay! In this hands-on class, we explore the handbuilding techniques of coil, pinch and slab in exciting projects that nurture children's creativity. Every week, students will create pieces such as animals, masks, houses, and more! These projects make great bases for children's personal visions, and allow them to play with art concepts including symmetry, texture, and patterns.

Children will build their own clay stamps and learn how to find unique tools in everyday life, while developing strength and precision in their most valuable clay tool... their hands! You'll be delighted at the creations your child will proudly bring back home!

Instructor: Claire Weber brings experience and passion in working with kids, with over 10 years experience in clay, both hand-building and pottery wheel, and 8 years making art and clay projects with elementary grade children. Clay is an amazing medium that feeds our sense of touch, tugs at our inner playfulness and boosts our creativity!

Chess Wizards

Let's Play! Let your child be a part of one of the most successful chess academies in the country. Chess Wizards teaches the game of kings in a unique, fun, and engaging way. Kids will learn everything from basic piece movement to advanced tactics, with lessons tailored to suit students of all skill levels. Participants will receive a trophy and a folder containing all of the puzzles they complete throughout the course. **FEE FOR GRADES 1-2 INCLUDES SUPERVISION FOR PARTICIPANTS AT CLUBHOUSE FROM 2:30pm UNTIL THE START OF CLASS AT 3:05pm. GRADES 1-2 SHOULD WALK DIRECTLY TO CLUBHOUSE AFTER SCHOOL DISMISSAL**

Instructor: Chess Wizards

Game Design

Work in groups to develop, design, debug, and distribute your own 2D games. Using special software, students create their own games using Logic Based Programming. Even add your own music, video, animations, and photos into your game with a simple click. Don't just play games – play your OWN game!

Instructor: Freshi Films LLC is an innovational educational company delivering unique after school programs created by leading educators and media professionals who have both the passion and training to work with kids. Freshi believes that when students share their individual voices they change lives and the world.

Future Enrichment Sessions Include:

Session 3: December 12, 2011 – February 17, 2012
