COURSE DESCRIPTIONS:

Math Mania

Who knew math could be so much fun? Math Mania teaches District & Singapore Math curriculum at or above the students' grade level depending on their ability. Math & Logic concepts are taught alongside fun activities such as brainteaser contests, crafts, origami and other activities such as "Dodge Ball Math" or "multiplication table tennis" designed to exercise all muscles including the brain. Last day includes a raffle and awards for students, Math Maniacs!

Instructor: Saratoga Academy – a division of Mind In Progress

Engineering FUNdamentals with LEGOs

Have your child become a Play Well Engineer! Students take on real-life engineering challenges that explore concepts in physics, architecture, mechanical and structural engineering with over 100,000 pieces of LEGO® material. From race cars to Battlitracks, this is a hands-on and minds-on

class is suitable for LEGO® novices to “maniacs.” Designed by engineers, the curriculum challenges both new and returning students to reach the next level of engineering comprehension all while having fun.

Instructor: Play-Well TEKnologies- Play-Well TEKnologies staff has been Teaching Engineering to Kids for over thirteen years in the San Francisco Bay Area. Our instructors have varied careers and educational backgrounds (mechanical engineering, architecture, biology, art, geology, alternative energy, civil engineering, etc.). More important, though, is that all share a common enthusiasm for kids, engineering and LEGOs. Current instructors have been leading classes and directing summer camps for one to thirteen years.

Tae Kwon Do

Lessons in this class are built to enhance a child’s physical and social development. They will positively channel growing energy while developing confidence and self-discipline needed for success in life. Through the basic skills of martial arts, we work on respect, focus, and attention spans while challenging coordination, balance, memorization skills, and leadership. Respect and discipline through the vehicle of martial arts will be developed. Testing at the end of each session encourages students to work and helps them recognize their progress. **Please note a materials fee of \$15 is due on the first day of class, payable to Master Edmonds. The fee covers the class uniform.**

Instructor: Master Edmonds Academy of Martial Arts

Hip Hop

This is a fun combo class which will have students learn the basics of Hip Hop, Zumba and Latin music. Students are given the opportunity to get into fabulous, kidtastic shape through repetition, great music and cool lyrics. This is the best class for students to get their exercise and dance techniques while having fun.

Instructor: After School Life

Earth, Wind, Inspire

Neither rain, nor sleet, nor snow will prevent us from having a great time in this session of Mad Science. We’ll learn all about weather as we explore meteorology and clouds. Take a voyage to the center of the earth as we investigate how our planet formed and the forces that keep changing things. Discover how science is used to solve crimes, and take home your own I.D. kit. Learn all about pulleys, levers and catapults in Mad Science Machines and make your own Rocket Racer. Discover first-hand how movie special effects are created. Turn your kitchen into a virtual lab as you learn about the chemical reactions that take place there. Explore the science behind your favorite toys, as well as some that you may not have played with, but your parents probably did. You won’t want to miss a minute of this exciting series!

Instructor: Mad Science- Mad Science is the world leader in fun science for children. Mad Science conducts educational, entertaining, and hands on learning activities for elementary age children throughout the Bay Area. Our unique brand of exciting, interactive activities instills a clearer understanding of how science affects the world around them. Through Mad Science your child will be able to touch, hear, smell, and taste what science is really about.

Obscure Sports Fun

This is not your ordinary run of the mill sports class! Anyone can go out and play a pickup game with friends, but after these classes, kids will be able to play more exciting versions of the games. This class gives students a fun time in a safe environment and will allow students to teach their friends the new games they learned from class.

Instructor: Jared Hostetler of FUN FUN FUNDamentals, is a local sports instructor dedicated to getting children fit while furthering their interest in sports activities.

Art+=Mythology, Science, Words & Fun!

Come dip your toes into pools of interesting subjects with our new “Art+” programs that develop both left & right brain thinking! Learn about & paint animals of the Monterey Bay, study geometry by patterns in animals, create illustrations by pulling words out a hat, find out about the Greek Gods & sculpt a mythological creature and MUCH MORE. Make learning creative and FUN!

Instructor: ArtHouse Kids, San Jose. For more information go to Arthousekids.com

Young Rembrandts

Young Rembrandts' lessons are fun, engaging, and educational. Students complete one new drawing each week and learn a variety of art concepts including; portraiture, still life, line and patterning, realism/abstract, perspective, color theory, and art vocabulary. We never repeat lessons so there's something new each week. With Young Rembrandts your student will "Discover the Power of Drawing!"

Instructor: Young Rembrandts

After School Hoops

This is a fun afternoon basketball class for aspiring young players. The one hour of instruction combines the building of fundamental skills with organized team competition and a goal of providing an enjoyable and educational after school athletic event. Boys and girls of all skill levels are encouraged to join. We will study passing, dribbling, shooting, rebounding, and defending, while, at the same time, learn how to work as a team. Students will become better basketball players and learn the habits necessary to succeed both on and off the court.

Instructor: One on One Basketball, INC.

Chess Wizards

Let’s Play! Let your child be a part of one of the most successful chess academies in the country. Chess Wizards teaches the game of kings in a unique, fun, and engaging way. Kids will learn everything from basic piece movement to advanced tactics, with lessons tailored to suit students of all skill levels. Participants will receive a trophy and a folder containing all of the puzzles they complete throughout the course.

Instructor: Chess Wizards

Future Enrichment Sessions Include:

Session 5: April 23, 2012 – June 1, 2012
