Course Description:

Video Game Design 1-5

Kids work in groups to develop, design, debug and distribute their own 2D games. Using special software, students create their game without having to learn actual programming. They can also put their own music, video, animations and photos into their games with a simple click. Don't just play games– play your own game!

Instructor: Freshi Films LLC is an innovational educational company delivering unique after school programs created by leading educators and media professionals who have both the passion and training to work with kids. Freshi believes that when students share their individual voices they change lives and the world.
