Course Descriptions:

Up, Up and Away- The History and Physics of Flight

The sky's the limit for learning in this class, where students build and fly working models each week. Learning lifts off as students discover how humans first defied gravity with kites and hot air balloons. They'll delve into the concepts of lift, thrust, gravity, drag, force and propulsion as they create gliders, jets and propeller-driven planes with simple materials. Then we'll jet into the future with rocket cars and hovercraft.

Instructor: Imagination Unlimited, LLC

Tae Kwon Do Grades 1-5

Lessons in this class are built to enhance a child's physical and social development. They will positively channel growing energy while developing confidence and self-discipline needed for success in life. Through the basic skills of martial arts we work on respect, focus and attention spans while challenging coordination, balance, memorization skills and leadership. Respect and discipline through the vehicle of martial arts will be developed. Testing at the end of each session encourages students to work for a see their progress. Please note a materials fee of \$15 is due on the first day of class, payable to Master Edmonds. The fee covers the class uniform.

Instructor: Master Edmonds Academy of Martial Arts

After School Hoops 1-3

This is a fun class of afternoon basketball for aspiring young players. The one hour of instruction combines fundamental skills building with organized team competition and a goal of providing an enjoyable and educational after school athletic event. Boys and girls of all skill levels are encouraged to join. We will study passing, dribbling, shooting, rebounding and defending, while, at the same time, learning how to work as a team. Students will become better basketball players and learn the habits necessary to succeed both on and off the court.

Instructor: **One On One Basketball, LLC**

Video Game Design 1-5

Kids work in groups to develop, debug and distribute their own 2D games. Using special software, students create their own games without having to learn actual programming. They can also put their own music, video, animations, and photos into their games with a simple click. Don't just play games- play your own game!

Instructor: **Freshi Films LLC** is an innovational educational company delivering unique after school programs created by leading educators and media professionals who have both the passion and training to work with kids. Freshi believes that when students share their individual voices they change lives and the world.

First Steps to French Grades 3-5

Learn the language of Molière! Sing, play and talk your way to a better grasp of the fundamentals of French vocabulary and common phrases. We encourage students from all backgrounds in French experience to join us. À très bientôt!

Instructor: **Kyle Heckler:** After a brief stop outside the Big Apple, Kyle made his way West to share his passion for teaching and the French language. A Rutgers University graduate, he spent a year teaching English in public schools near Aurillac, France.

Junior Picassos 1-5

In this creative after school class, all art levels are welcome to explore their inner artist. We will be learning simple techniques in painting and drawing that will encourage your student to express themselves through their art. While we work in a variety of media, we will also practice self discipline, focus, and creative exploration in ourselves. This encouraging environment is a must for the beginner and experienced artist.

Instructor: **Ashley Kelleher –Campbell.** Ashley Campbell welcomes students to enjoy art in a fun and relaxed environment. Her art experience includes acrylic painting, glass painting, watercolor, textile painting, pastels, still life drawing, cartoons, portraits, ink, and charcoal. Her supportive teaching style allows students to not only explore their art talents but also themselves. She graduated in June of 2009 from UC Davis with a degree in English and with her concentration in teaching and creative writing. She also previously ran the Redwood Zone after school program. She will begin her credential work in the fall of 2010 to teach high school English.
