

SHOULD YOUR LOVED ONE STILL BE DRIVING?

The Los Gatos Senior Consortium in cooperation with LGS Recreation invites you to a FREE 3-part workshop series that will focus on the growing needs of older adults

PART 1: SHOULD YOUR LOVED ONE STILL BE DRIVING? Thursday, Sept. 16, 2010 from 6:30-8PM

You may have become increasingly aware that your parent (or older relative or friend) may be experiencing some difficulty in driving that has you concerned. The reality is that, especially as we age, impaired vision or other health issues can influence reaction time & accurate judgment and this can impact on one's driving ability. Guest speakers at this event will provide you with an understanding of the changes that might take place as we age that may affect driving, information so that you can help the individual involved assess their driving skills, procedures to take if a car license needs to be forfeited & finally, transportation options if driving one's car is no longer an option.

EACH LECTURE WILL TAKE PLACE IN THE LARGE HALL AT THE LGS ADULT RECREATION CENTER, 208 E. MAIN ST. LOS GATOS. LIGHT REFRESHMENTS WILL BE SERVED.
