Introduction and Overview

Childcare is an essential service and LGS Recreation is committed to offering in-person care at our Clubhouses during the 2020-21 school year. We recognize the importance of the health and safety of our students, Clubhouse staff, and the broader community. This document will inform parents and aid Clubhouse Staff in implementing measures to reduce COVID-19 transmission, while meeting the educational, social and emotional needs of Clubhouse students. LGS Recreation is dedicated to updating our practices with the most up to date information regarding COVID-19.

Table of Contents:

Section 1: Prevention
   1. Stable Groups of Children and Personnel
   2. Face Coverings
   3. Physical and Social Distancing
   4. Health Screenings
   5. Handwashing and Hygiene
   6. Cleaning and Disinfecting Policies
   7. Safety Measures for Employees
   8. Social Distancing Protocol and Signage

Section 2: Monitoring and Reporting

Section 3: Clubhouse Schedule, Hours of Operation, and Rates
   • LGUSD
   • USD

Section 4: Guiding Documents
**Section 1: Prevention**

1. Stable Groups of Children and Personnel

   - Maximum of 12 students in a cohort, based on age. When possible, family groups will be kept together, however due to the differing schedules of kindergarten and students in grades 1-5, siblings may be separated. Spaces available at each site will be limited.
   - Parents will not enter the facility.
     - *Reasonable accommodation will be made for students who are new to our program and are adjusting to the new routine.
   - Cohorts located at the same site will not intermingle indoors or outdoors. Beyond Clubhouse spaces, LGS Recreation may use classroom space at the school.
   - Staff will be assigned a regular schedule limited to one cohort. Staff ratios will be 2:12 to begin the year.
   - Students will enroll for the entire month. Refunds will not be given for voluntary withdrawal.

Families, please help us ensure stable cohorts by making a commitment to Clubhouse that you understand your child should only be in 1 group setting, outside of a school cohort. At registration you will be asked to sign a waiver acknowledging this. Please read the excerpt from the Mandatory Directive for Programs Serving Children or Youth (as of July 29, 2020):

“Children/youth may participate in only one Program at a time and may not move from one Program to another more than once every 3 weeks. This means:

   a. Children/youth cannot attend more than one childcare program, after-school program, or other child/youth activity within the same three-week period.
   b. For children/youth enrolled in K-12 school, this means they can attend school and one additional before- or after-school program or activity.”

In addition, please note b. allows for students to attend and be part of one school cohort and one childcare program, which will apply during the LGUSD Phase 1 Hybrid Model.

2. Face Coverings

   - All staff and students must wear a face covering. Parents/Guardians and students must wear a face mask during drop off and pick up.
   - Students and staff will be given opportunities to remove their mask when a break is needed by being outside and at least 6 feet apart from others.
   - Students are expected to provide a face covering from home. Additional single use coverings will be available in the event a covering needs to be replaced.
   - LGS Recreation will provide a cloth face covering for staff, and additional single use coverings will be available at each site. Staff can choose to wear self-provided face coverings as well.
   - Students will eat snack and lunch outdoors as much as possible and weather permitting. Students will be instructed to sit at least 6 feet apart while eating.
- Staff and students are encouraged to practice wearing face coverings prior to returning to Clubhouse in order to build a tolerance to wearing it as well as practice putting it on and off properly.

3. Physical and Social Distancing

- Inside Clubhouse each child will have an assigned workstations 6 feet away from others and a labelled cubby for belongings.
- Staff should plan and create programs, art, games, STEM, and other activities that encourage social distancing. Staff will be given resources to conduct outdoor games that encourage social distancing. Staff will instruct students on where to go during “group” time, so they are spaced out from one another. Staff will be encouraged to use outdoor space and field space as much as possible. When indoors and weather permitting, doors and windows will be open to promote air flow.
- Staff training will be conducted virtually.
- Support from senior staff or management will be conducted virtually when possible. If in-person meetings are necessary, meet outdoors 6 feet apart.
- Staff to remain 6 feet from other staff and children to maximum extent possible. Due to the nature of our programs and age of our participants, closer contact may be necessary.
- Expectations for Students:
  - LGS Recreation understands the importance of play and social emotional development, especially for our Kindergarten and younger student cohorts. Younger children will be allowed to play less than 6ft apart during certain times of the day within their established cohort. Handwashing prior to transitioning into these activities and wearing a face covering at all times. The current childcare mandate supports this and states: “Children ages 6 to 11: children do not need to maintain social distance from one another within their stable cohort, but personnel should maintain at least six feet of distance from children at all times to the maximum extent possible.”
4. Health Screenings

To help keep our community healthy, students and staff should take their temperature at home prior to attending Clubhouse. Stay home if your temperature is higher than 100.4F or if you are experiencing any signs or symptoms related to Covid-19 including fever, cough, shortness of breath, trouble breathing, chills or night sweats, sore throat, muscle or body aches, loss of taste or smell, headache, confusion, vomiting or diarrhea. Staff and parents are responsible for notifying Clubhouse Supervisor of any absences from the program. If a child is absent without notification to program staff, staff must call parents. Staff and participants will both need to clear the daily health screen and temperature check prior to entering Clubhouse.

Staff and children will not attend the program if they have 1 or more COVID-19 symptom or if a close contact has tested positive. They will be asked to return home and seek medical attention. To return to the program a negative COVID-19 test or a doctor's note explaining the symptom must be provided. For more detailed information, review section 3.

- Staff will define specific procedures at individual sites to ensure the optimal outdoor drop-off and pick-up location and process. Parents will be notified with specific instructions and locations for drop off. Parent/guardian should wait outside the clubhouse at least 6ft apart from others, using the designated markings.
- Parents, participants and staff will be required to wear masks, at all times, during check in/out. Parent/guardian should not enter the camp or childcare facility at any time.
- Only one parent/guardian will join the child for drop off/pick up. If possible, please try to keep this parent/guardian consistent to reduce exposure.
- Parent/guardian or participant will be asked the following Health Screening Questions while standing 6ft away from staff:

*graphic extracted from p.17 of “Covid-19 Prepared: Reopening Santa Clara County K-12 Schools”*
• If the answer to all 4 health screening questions is “no”, staff will direct the child to step forward to have their temperature taken by staff with a contactless thermometer. Screening stations will have a clear plastic barrier for staff to position themselves behind.
• If temperature is 100.4 or higher, the child will not be permitted to attend or enter the facility. If a family member or sibling is exhibiting symptoms and/or fever, then all family members must stay home. Any participant who is showing signs or symptoms of illness will be isolated and parents/guardians will be called and asked to pick up their child immediately. A record of completed health screening and temperature must be maintained and will be completed by staff. These logs will remain HIPPA compliant and confidential via Jot Form. Staff will keep participant health information confidential.
• If temperature is under 100F the child will be asked to use hand sanitizer and then directed into the Clubhouse.

5. Handwashing and Hygiene

• Practice proper handwashing with soap and water for at least 20 seconds at home prior to attending Clubhouse. Teach your child how to sneeze or cough into their elbow, even when wearing a face covering.
• All participants will have access to sinks with soap or hand sanitizer. Staff will give reminders to wash or sanitize hands, especially during transitions, prior to eating, after eating, after using the restroom, before and after using shared materials. Hand sanitizer will be used prior to entering the facility and prior to going home. Use of hand sanitizer will be supervised by staff.
• Staff and students should avoid touching their face, eyes, nose and mouth.
• A handwashing schedule may be used for our younger cohorts. Staff will help ensure students are washing hands properly.

6. Cleaning and Disinfecting Policies

• Clubhouse locations will have reduced hours of operation to allow time for staff to thoroughly clean and disinfect the facility (tables, chairs, floors, bathrooms, carpets) and any shared materials. During end of shift cleaning staff will wear proper PPE including face coverings, gloves and face shields.
• High touch surfaces will be cleaned more frequently throughout the day by a gloved staff, including but not limited to: light switches, tabletops, and interior/exterior door handles.
• Clubhouse staff will carefully select which non-porous materials for use at Clubhouse and ensure they can be cleaned and disinfected.
• Students will be given an individual set of commonly used materials (ex. Markers, scissors).
• Any shared materials within a cohort will be cleaned and disinfected after use.
• Supplies for activities are to be distributed by staff to each child.
• Shared materials, tables, and chairs will be cleaned and disinfected using a 3-step process. The material or surface will be wiped down or submerged with soap and water to remove surface contaminants, allowed to air dry and then sprayed with an EPA approved disinfectant.
Staff shared electronic devices such as iPad or Tablet used for check in/out, site computer, keyboards, phone, or remote must be cleaned and disinfected after each use. Staff radios will be assigned and labeled with the staff name, and only used by that staff.

Currently, playground structures remain closed and will not be used.

7. Safety Measures for Employees

Our LGS Recreation staff are committed to preventing the spread of COVID-19. Protecting their health and the health of the students/community is our top priority. All staff will receive mandatory training on updated COVID-19 policies and procedures. Staff will follow all safety guidelines including, hand hygiene, cleaning/disinfecting, and symptom monitoring.

- PPE will be provided at each site for staff. Staff will be provided with one reusable cloth face covering, single use face coverings, and gloves. Staff can use face coverings provided from home as well. Staff are required to properly wear a face covering. Shields will worn during end of shift cleaning, and staff may consider wearing these throughout the day in addition to a face covering. Clear plexiglass barriers will be provided at sites for staff to utilize if they are in close contact with a student. For example, showing them how to perform a skill needed for an activity.
- Staff schedules will be designed to limit the number of personnel interacting with a stable cohort.
- Staff will not intermingle with students or staff from separate cohorts.
- Physical distancing of staff from children and other staff will always be encouraged
- Students and staff will be screened for symptoms prior to entering the facility.
- Staff performing screening checks will wear appropriate PPE, including face coverings and gloves. Parent/guardian and student are asked to stand 6ft away on marking until screening questions are answered. If all health screening questions are answered with “no”, only the student will step closer to staff to have temperature checked. Reasonable exceptions will be made as children adjust to new procedure.
- At this time, parents and visitors will remain outside the facility. Parents are not to enter the building during pick up or drop off. If a parent arrives outside of drop off or pick up, they will contact site staff who will come outside to assist them.

8. Social Distancing Protocol & Signage

As stated in the Mandatory Directive for Programs Serving Children or Youth, the Social Distancing Protocol will be completed and the (1) COVID-19 Prepared Sign and (2) Social Distancing Protocol Visitor Information Sheet will be posted at each location. In addition, the following signage from CDC will be posted in and around the facility:

- Wash Your Hands
- Prevent the Spread of COVID-19
- To Enter This Building You Must [https://www.sccgov.org/sites/covid19/Documents/to-enter-this-building-you-must.pdf](https://www.sccgov.org/sites/covid19/Documents/to-enter-this-building-you-must.pdf) @ screening table
- Do You Have These Symptoms [https://www.sccgov.org/sites/covid19/Documents/do-you-have-these-symptoms.pdf](https://www.sccgov.org/sites/covid19/Documents/do-you-have-these-symptoms.pdf) @ screening table
Section 2: Monitoring and Reporting

Staff are encouraged to get a free COVID-19 test each month. Visit this link Free COVID-19 Testing Sites for more information.

Staff and participants will not attend the program if they have COVID-19 symptoms or have been in close contact with someone who was infectious with COVID-19. Health screenings will be conducted prior to entry. Staff will monitor themselves and participants for symptoms throughout the day. If symptoms develop throughout the day, the student or staff will be isolated, and parents/guardians will be contacted and expected to pick up the child immediately. Staff will determine an area within Clubhouse or outside of Clubhouse that can be used as an isolation area until pickup.

Staff and children will not attend the program if they have or develop 1 or more COVID-19 symptom or if a close contact has tested positive. They will be asked to return home and seek medical attention. To return to the program a negative COVID-19 test or a doctor's note explaining the symptom or why the test was not ordered, must be provided.

- In the event of a confirmed positive test parents or staff are required to report the results to the Site Supervisor or Site Supervisor II.
  - Site Supervisor II will notify the County of Santa Clara Public Health Department of a positive case by emailing coronavirus@phd.sccgov.org or (408) 885-4214
  - Site Supervisor II will notify all participants and staff in the cohort. Personal information including, names and health information will be kept confidential. Members of the cohort will be sent home to quarantine for 14 days.
- 10/3 Rule: In the event of a confirmed positive test parents or staff are required to stay home and isolate for 10 days from the date their symptoms began AND 3 days with improvement in symptoms AND no fever.
- Asymptomatic individuals who test positive for COVID-19 may return 14 days after their positive test result.
- Areas used by any COVID-19 positive person will be immediately closed off, left for 24 hours prior to being cleaned and disinfected.

For staff and parents, if you or your child are experiencing symptoms or have come in close contact with someone who was infectious with COVID-19 please visit this resource for isolation and quarantine guidelines https://www.sccgov.org/sites/covid19/Pages/contact-tracing.aspx. Additionally, to find a free testing site near you visit this website www.sccfreetest.org.

Section 3: Clubhouse Schedule, Hours of Operation, and Rates

The 2020/21 School Year will begin with remote learning and schools have prepared a phased approach to having students return to in-person classrooms. LGS Recreation Clubhouses are committed to adapting our programs throughout the year to support families through all phases. We will continually monitor the need for care in the community and ask that families help us understand your care needs by completing the following survey: https://forms.gle/2NoCnLpLjNRu8Tbn8
For the most up to date information on site specific schedules and rates please visit the Clubhouse Website. LGS Recreation reserves the right to alter tuition rates and schedules. Full time enrollment is available, and students will be enrolled for the full month. Currently, we are not offering flexible drop in options or flexible tuition plans for select days of the week due to restrictions within the Mandate for Childcare.

- 10% Sibling Discount will still apply as well as 10% discount for member of the JPA with proof of employment
- No refund for program closure(s) less than 5 days
- Partial credit if a closure lasts more than 5 days
- No refund for voluntary withdrawal from program
- No refund for exclusion based on behavior or illness

To support remote learning, each student will be assigned a workstation in Clubhouse. Our staff will help create a quiet supervised environment for children to participate in remote learning. To help ensure a smooth transition we ask that parents assist in preparing the following:

- Students will need to bring a portable electronic device to Clubhouse each day to access remote learning.
  - For USD families in need of a device please contact your principle or submit the following form http://bit.ly/USD-chromebook
  - Please charge these devices at home each night. Pack the charging cable each day.
  - At home, help familiarize your child with different programs/application involved in remote learning and sign in on the device. Bookmark important pages.
  - LGUSD families download the security certificate to access internet at Clubhouse https://www.securly.com/ssl (check the download button under the video)
- Write down or print out student log in information for all necessary platforms used during remote learning and provide to staff so we can assist with technical difficulties. This includes student id numbers, emails, usernames and passwords.
- For staff to best provide assistance during online learning, any information, schedules or instruction that are provided from teachers to families is encouraged to be shared with site staff, by printing it out and giving it to the staff during the health screening.
- Headphones
- Any necessary handouts/ supporting documents

In summary, please be sure to send your child to Clubhouse each day with the following items:

<table>
<thead>
<tr>
<th>What to Bring to Clubhouse:</th>
<th>What to Leave at Home:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• School Log-In Information (emails, passwords, student ID codes)</td>
<td>• Any items not necessary for remote learning</td>
</tr>
<tr>
<td>• Class schedule and any additional communication from teachers regards to online classes and scheduled meetings for the week</td>
<td>• Please apply sunscreen prior to attending</td>
</tr>
</tbody>
</table>
- Electronic Device to access remote learning and power cord (Please charge the device at home each night)
- Headphones. Over the ear or noise cancelling headphones preferred.
- Snack and Lunch with necessary utensils
- Any necessary medication with original label in a see-through Ziploc bag with a permit to administer medication form signed by doctor inside
- Water bottle (fountains will not be available)

Our program will continue to adapt to best meet the needs of families when Districts begin the phased approach to return students to campus. Below

LGUSD Phase 1 Hybrid A/B Days Clubhouse Child Care Model: Dave’s, Lexington, Blossom Hill, Van Meter *Subject to Change

Students will attend school in person two days a week. Parents will drop students off at school the morning of the two scheduled live instruction school days. After in person instruction, students will report to Clubhouse to check in with staff. On Wednesday and the two alternative/remote days parents will drop students off at Clubhouse. According to the Santa Clara County Mandatory Directive “children/youth enrolled in K-12 school, this means they can attend school and one additional before- or after-school program or activity.” Outside of class time, enrichment activities, supervision during homework and lunch, as well as opportunities for play will be provided at Clubhouse.

LGUSD Phase 2 Half Day Schedule *Subject to Change

All students grade K-5 will attend in person instruction from 8am-12:20pm. Therefore, Clubhouse will likely operate from 12:20pm-6pm. Students will have lunch and outdoor play immediately after class. Students in grades 1-5 will be supported with afternoon virtual classes, followed by enrichment activities. TK-K will enjoy fun and enriching Clubhouse activities and opportunities for play.
